Informed consent for parents/guardians

Liquid Biopsy

As a part of Cancer-Predisposition–Syndrome-R01

- Self-registration -

Patient (Last Name, First Name)

Date of Birth (dd/mm/yy)

Treating Hospital

I have read the information sheet and have had the opportunity to ask questions in a telephone call/personal conversation with a physician of the CPS-registry. My questions were answered comprehensively and comprehensibly. I know that my child's participation is voluntary and that I can retract my consent any time without justification and without disadvantages. I had enough time to reconsider my decision to my child's participation and make my own decision.

I give my informed consent that my child's biospecimen as well as medical information as described in the information sheet are sent to the CPS-R01 to be used for medical research purposes, especially for the Liquid Biopsy project.

I also give my consent that the specific scientific project, for which the biospecimen and medical information will be used are without restriction.

I transfer ownership of my child's biospecimen to Medical School Hannover.

I approve that I may be contacted at a later time point for the following reasons, please check the boxes with “yes” or “no”:

- For the collection of additional medical information/biospecimen ☐ yes ☐ no
- If further consent is necessary for the use of your child’s medical information ☐ yes ☐ no
- If our research identifies actionable findings that may be relevant to your child’s health ☐ yes ☐ no

I approve that the registry team conducts the following actions (also described in the information sheet):

- **After the collection, the biospecimen and data will be coded to de-identify the data to be used for medical research purposes**
- **Coded non-identifying information will be used for scientific publications and online databases**

My child’s biospecimen and data may be used for medical research purposes for an unlimited time period. In a non-identifiable manner, biospecimen and data may be transferred to universities, research institutes/companies for the purpose of medical research. This may include international research projects.

I was informed that I may withdraw my consent to my child’s participation in the registry any time without justification. In case of withdrawal, I may request that any remaining biospecimen and data be destroyed, deleted or anonymized.

Please note: If an analysis has been completed, the data cannot be removed.

I have the right to be informed about the stored personal data concerning my child (Art. 15 DS-GVO). If I discover that incorrect personal data of me are being processed, I can demand correction (Art. 16 DS-GVO).

I have the right to demand the deletion of personal data if certain reasons for deletion exist. This is the case, for example, if the personal data are no longer necessary for the purpose for which they were

originally collected or processed, or if I revoke my consent and there is no other legal basis for the processing (Art. 17 DS-GVO). Furthermore, I have the right to limit the processing of my child's personal data (Art. 18 DS-GVO), to data transferability (Art. 20 DS-GVO) and a general right of objection (Art. 21 DS-GVO).
